

Capabilities Statement

www.alphagroupsvcs.com

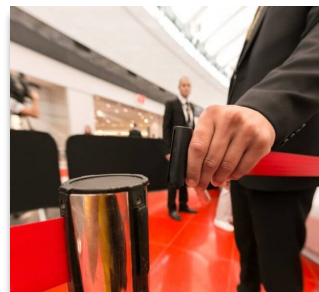

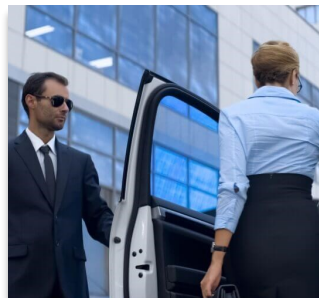

Protecting your loved ones and your property is a serious business. With over a century-long experience amongst our security professionals, you can be rest assured that your property and personnel are in the safest hands. Our attention to detail is immaculate as we monitor our staff as well. With this constant monitoring, we can track them anytime and know of their whereabouts at all times. It results in a network that is capable of offering you the best security services possible. The perfect blend of technology and experience is at the helm at Alpha Group services for risk detection, immaculate monitoring, and swift response to any security threat you may face. These attributes make us one of the best security guard services NYC has to offer.
